SUMMARY

A proactive and innovative React.js Developer and MERN Stack Developer with a strong foundation in building dynamic, responsive web applications. Experienced in creating impactful user interfaces using React.js and Tailwind CSS, with expertise in JavaScript, Linux, and DevOps practices. Skilled in ethical hacking and adept at designing and developing creative solutions for diverse projects, including a weather forecasting app and a music-sharing platform similar to Spotify. Passionate about blending functionality and design to deliver exceptional digital experiences. Continuously striving to leverage cutting-edge technologies to create scalable, efficient, and visually appealing solutions.

KEY COMPETENCIES

React: Dynamic UI development	**Tailwind:** Responsive design mastery	**Responsive:** Mobile-first designs
MERN: Full-stack web solutions	**API:** Seamless integration	**DevOps:** Deployment automation
JS: Advanced Scripting Expertise	**Git :** Version Control Efficiency	**UI/UX:** User-focused design

PROFESSIONAL EXPERIENCE

Externs Club   **July 2024 - August 2024**
Web Developer

As a Web Developer, I specialize in building dynamic, responsive websites and applications using **React.js**, **Tailwind CSS**, and **JavaScript**. I've developed projects like a **Spotify-inspired** music-sharing platform and a **weather forecasting app**, focusing on seamless functionality, modern **UI/UX** design, and optimized performance."

Freelancer   **Always**
MERN Stack Developer

As a Freelance MERN Stack Developer, I have experience building full-stack web applications, combining modern front-end interfaces with efficient back-end architectures. Skilled in MongoDB, Express.js, React.js, and Node.js, I have delivered scalable, responsive, and user-centric solutions. My projects include crafting dynamic APIs, implementing authentication systems, and creating interactive user experiences tailored to client needs

EDUCATION & CERTIFICATIONS

Bachelor Of Technology (B.Tech)
2nd Year (ECE)

Electronics And Computer Engineering
Maharashtra Institute of Technology
Expected Graduation : 2027

MERN Stack Developer Certification
Currently Enrolled
ISO Certified
Expected Completion : June 2025

EXTRACURRICULAR ACTIVITIES

Hackathon :
- Maharashtra Institute of Technology
- Ransomeware & Security Application Software

Mixed Martial Arts :
- Developed discipline, focus, and problem-solving skills through rigorous training.
- Awarded with Silver Medal on State Level Tournaments
